Zebra Supplies and Software: High-quality Card Printing Made Easy

Zebra Card Printer Ribbons

Zebra True Colours® card printer ribbons produce high-quality IDs and extend the life of your printer and cards. Benefit from:

- Vibrant colors, "true-to-life" flesh tones, and sharp barcodes and text
- Patented print ribbon technology for minimal printhead buildup and durable cards

Zebra Print Cartridges

The easy-to-use Load-N-Go™ ribbon cartridge has intelligent media technology for automatic ribbon detection/configuration, optimized imaging, and a low ribbon warning. Its open cartridge eco-friendly design makes it easy to identify, repair and remove the ribbon, and it contains less plastic and special additives to improve biodegradability.

Zebra CardStudio™

Whether you are a small business or a large enterprise, Zebra's CardStudio makes designing and printing professional-looking cards easy.

For more information, visit www.zebra.com/cardstudio.

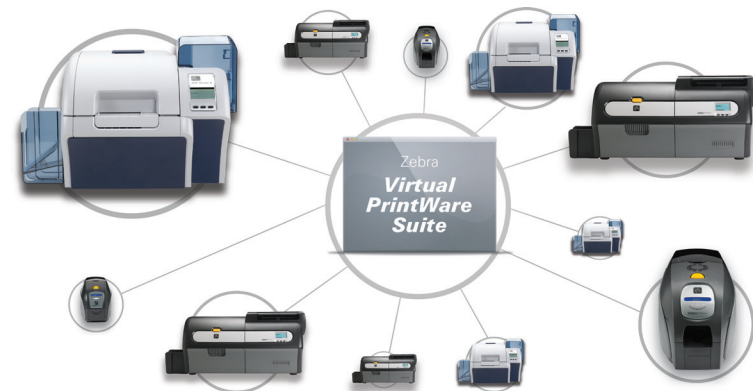

Zebra Virtual PrintWare™

Zebra Virtual PrintWare is designed to make it simple to issue cards from your own applications. The template-based printing capability allows for easy third-party application integration of card-printing and card-production flow.

You can print to one or more networked card printers, and remotely monitor printers' health and status. To increase print capacity and throughput, you can also use the software to pool and manage multiple printers as if they were a single unit.

For more information, visit www.zebra.com/virtualprintware.

Zebra supplies make it easier than ever to manage your printer

Genuine Zebra™ supplies meet stringent quality standards, and are recommended for optimal print quality and printer performance. Zebra printers are designed to work only with Zebra True Colours i Series™ and ix Series™ ribbons and Zebra True Secure™ laminates and retransfer film.
